Stirling County Rugby Football Club (RFC) Playing Time Policy

In mini rugby we promote that all players play equal game time, throughout mini games, in any format. All our coaches will work to implement this. If, at times, a player does not play an “equal” amount of game time it will be owing to a player welfare or player discipline issue. If this is the case any player/parent is welcome to and encouraged to converse with the coaches.

With regard to selection for match days and match squads, coaches will select based on attendance at training, confirmation of availability and given both aspects, balance out games played across the squad over a season. This is not always easy to do given differing levels of availability across a season and if any there are any concerns please contact your Team Manager (TM) in the first instance or contact the Minis Convener or the Club Academy Manager at the following:

Minis Convener: stirling-county-minis-convener@outlook.com

Club Academy Manager: stewart@stirlingcounty-rfc.co.uk

Kind regards,
Stirling County RFC
