Fuel economy and CO2 results for the BMW 218d M Sport Gran Coupé:
Mpg (l/100km) (combined): 54.3 (5.2) – 60.1 (4.7). CO₂ emissions: 135 – 122g/km.

For plug-in hybrid vehicles these figures were obtained using a combination of battery power and fuel, for battery electric vehicles these figures were obtained after the battery had been fully charged. Plug-in hybrid and battery electric vehicles require mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent.

PRESIDENT'S MESSAGE

Welcome to the first Friday evening fixture of the season at Bridgehaugh - now onto the fourth fixture of the FOSROC Super6 competition. A warm welcome to all our visitors and spectators to Bridgehaugh and we extend a warm welcome to all from Ayr, and their Ayrshire Bulls representatives Stewart Kerr, Billy McHarg, and Glen Tippett.

Ayrshire Bulls lost narrowly 22-20 to the Southern Knights at the Greenyards last Friday evening, in a close game, with Ayr arguably the better side. Last Sunday, County lost 19-18, in some ways playing the better rugby against Heriot's Rugby. However, despite playing good rugby it hurts as the narrow losses don't really mean very much when you look at the league table. The reality is this fixture brings two teams together - both desperate for a win.

We recognise the FOSROC Super6 competition brings together very competitive squads and that Super6 will take some time to settle, however already we note that it's a step up from the Premiership with the physicality much greater and players having to perform at a consistently higher level. On judging the rugby over the first three fixtures of the FOSROC Super6 competition, it is certainly producing a higher standard of rugby, and the feedback from the coaches and players is that you need to be on your game because of the intensity of the competition. Clearly the physicality, the players approach, and preparation is at a higher level. That's the player's view and it's theirs that matters.

Tonight's game is being televised on BBC Scotland Sport 1player.

Like all clubs, we remain indebted to our sponsors and advertisers, without whose valuable, regular support, we would have difficulty running an all-inclusive rugby club for the benefit and enjoyment of all players and members of our community, no matter what their ability, age, or background maybe. I would like to offer a special word of thanks to all our sponsors, particularly our main sponsor, Wolfcraig. Wolfcraig is a new distillery that is being built at Craigforth in Stirling next year. The Wolfcraig whiskies will be original creations from two heavyweights in the Scottish whisky industry and will use the rich natural resources of the Stirling area. Wolfcraig is keen to become an active and positive part of the local community and will be taking steps to support its development. The first of which is sponsoring local men's and women's sports teams, which has brought the team here today.

We also welcome both United Auction and Graham and Sibbald to tonight's game - both companies have a long-standing association with the club, so folks enjoy your rugby and your evening. Our thanks also go to shirt sponsors Douglas Park Stirling, Johnston and Carmichael, and Belhaven.

Covid is still playing its part in getting back to near normality however, as we wrestle with the regulations. Remember if you would like to purchase any Stirling County rugby clothing, our shop is now online where you can access the shop by visiting the new club website.

To all our visitors, members, and supporters of the club, please enjoy the rugby, enjoy your rugby this evening, and keep on coming back to Bridgehaugh.

Our next FOSROC Super6 fixture is away against the Boroughmuir Bears on the afternoon of Sunday 29th August, with a 1.30 pm kick-off.

COACHES' VIEW

Round 4 Preview

It's great to be back at home for a 2nd week running and we are all really looking forward to the special atmosphere a Friday night match at Bridgehaugh brings. It's also brilliant to have the club fully open and operational again and it would be great to see everyone stick around after to create that special post-match buzz in the bar and to allow our players a chance to connect with you all.

Despite the result, there were some big positives from our last outing, a total of six players made their debuts for the club at Super6 level and overall, it was an improved performance from us. However, at this level you pay a heavy price for not taking your chances and unfortunately, we paid that price. It's been a quick turnaround this week having played on Sunday so time to make changes on the training pitch has been limited. However, we must make changes if we are going to start winning matches. Physical training has been limited but we've conducted a thorough review of Sunday's match and we are all aware of how we can build more pressure and convert that pressure into points.

The Bulls are on the road for a 2nd week in a row and whilst the final result for them versus Knights will have been disappointing, they played some excellent rugby at times and will be a very dangerous proposition for us this evening. They have a big physical pack who will look to get dominance at set piece and in the tight exchanges and a lot of ball playing ability in their backline who can cut teams apart if given the opportunity.

With only 2 more rounds before the midway point of the regular season, we know we need another improvement in performance if we are to get the result we require to start climbing the table.
